

AVE England Style 44 in wood: between past and present

With the new England Style 44 collection, AVE combines the best technology to the natural charm of walnut wood, a noble detail to customize your interior with a retro touch.

Between past and present: the love for tradition and glamour of timeless objects and furnishings. With these assumptions **AVE presents its newest England Style 44 collection in wood.** To rediscover the value of time, it's now enough to turn on/off a toggle.

In fact, **England Style 44 collection** is part of the innovative AVE retro range, that aims to valorise the aesthetics of the past featuring an original concept for lighting control. AVE retrieves the **ON/OFF toggle system** making it topical again. Hidden behind the toggle controls, there are **the best of AVE technology:** electric diverters, buttons, rolling blind switches and switches with illuminated feedback status.

Available also in traditional version, that involves the insertion of the components inside the finishing frames, **England Style 44** is aimed at those who appreciate the material quality of wood and are looking for a noble detail to customize their interiors. **England Style 44** combines perfectly with classical ambiances and vintage furnishings: **it's the ideal solution for renovations.** The **true brass toggles** are embedded in **natural walnut wood surfaces;** the AVE logo becomes the signature to find in the past a priceless treasure.

Like the entire retro range, that includes also New Style 44 collections in glass, aluminium and Corian, England Style 44 collections is **available for both round and rectangular flush mounted boxes** and meet the needs of the **wider international market.** England & New Style 44 front plates can integrate - in addition to the commands - also white shuko sockets of **DOMUS series** and black/opaque anthracite ones of **TEKLA 44,** the newest AVE wiring accessories series. You can complete retro collections with all 44 System solutions of these two series and with revolutionary **TEKLA 44 home automation elements with KNX technology.**

AVE England Style 44 is born to meet the needs of the most demanding customers. The best technology combines with unprecedented aesthetics and valuable materials. The combination between the natural beauty of the wood and the golden aspect of the brass enhances the style of the environments, improving the electrical system in a perfect synthesis between past and present, tradition and innovation.

England Style 44, the best choice for classic or retro interiors.
