

Download the brochure dedicated to new retro collections

**It's available online the brochure of the new AVE "retro" designs:
New Style 44 e England Style 44.**

Light up your style with AVE, download the **brochure dedicated to new retro collections**. The range is composed by three different **toggle commands series**, which AVE combines front plates of noble materials, with design and finishes that suit every need:

- **New Style 44 in glass and aluminium**, for modern environments and for simplicity's lovers.
- **New Style 44 in Corian**: simple, linear, durable. White in all its splendour.
- **England Style 44 in wood**: to uniquely customize your classic interiors.

All three proposals of retro range are available for both round and rectangular flush mounted boxes and meet the needs of the **wider international market**.

Inside the brochure dedicated to these "retro" designs, there is also **TEKLA 44**, the latest AVE wiring accessories series that increases flexibility, offering all Sistema 44 solutions in opaque anthracite grey coloration and home automation versions with **KNX technology**.

Light up your style with AVE, **download the brochure dedicated to new "retro" collections** on www.ave.it.
