Ave offre la possibilità tramite configuratore disponibile sul sito www.ave.it di personalizzare la gamma di placche, oppure direttamente al link <https://avexclusive.ave.it>.

I prezzi della personalizzazione riportati nelle tabelle, sono da dividere per il numero di placche aventi la stessa personalizzazione e aventi gli stessi moduli. In caso di variazione dei moduli della placca, colore o tipologia, dovrà essere ricalcolato il prezzo da ripartire sulla nuova tipologia di placca. Tale prezzo di personalizzazione sarà da aggiungere al prezzo della placca standard scelta. Disponibili nelle pagine successive le placche in vetro completamente personalizzabili, senza cornicetta e comando standard — con codice finale /XX.

In caso di personalizzazione con entrambe le tipologie, loghi e simboli, andranno sommati i prezzi di entrambe le tabelle, sempre da distribuire sul numero di pezzi.

Per la fattibilità, tempi e costi di tutte le altre personalizzazioni non presenti nel nuovo configuratore, ad esempio colore speciale della placca, font numerazione e simbologie non presenti nella tabella simboli, contattare la rete commerciale Ave.

Ave offers the possibility to customize the range of front plates through the configurator available on the website www.ave.it, or <https://avexclusive.ave.it>. The prices of the customization shown in the tables are to be divided by the number of front plates having the same customization and having the same modules. In case of change in the modules, the colour or the type of the front plate, the price to be divided on the new type of front plate must be recalculated. This customization price will be added to the price of the chosen standard front plate. In the following pages the completely customizable glass plates without inner frame and standard control — are available with final code /XX.

In case of customization with both types, logos and symbols, the prices of both tables will be added together, always to be distributed over the number of pieces.

For the feasibility, times and costs of all other customizations not present in the new configurator, for example special colour of the plate, numbering font and symbols not present in the symbol table, contact the Ave sales network.

Tabelle prezzi simbologie:

I prezzi indicati in tabella sono da aggiungere al prezzo della placca scelta e si riferiscono all'utilizzo dei "numeri e simboli" presenti nella libreria del software di configurazione. Tali prezzi si applicano a placche con lo stesso numero di moduli, stessa colorazione e medesima personalizzazione.

Symbol price tables:

The prices indicated in the table are to be added to the price of the chosen front plate and refer to the use of the "numbers and symbols" present in the library of the configuration software. These prices is applied to front plates with the same number of modules, same colour and same customization.
